## MALLALA WAR CEMETERY

The Mallala war cemetery, located on the south-west corner of Mallala General Cemetery in Dublin Road, contains the graves of 12 airmen of the Royal Australian Air Force. The No 6 Service Flying Training School of the RAAF was located at Mallala during the Second World War.

On 25 August 1941, No. 6 Service Flying Training School was formed outside of the town of Mallala. Tragically, during training, there were a number of fatal accidents the bodies of many of these men were sent back to their families. In 1943 the government designated an area of the Mallala Cemetery as a War Graves site, after which time, deceased servicemen were buried there. Twelve men from the 6SFTS are interred in the War Graves Cemetery at Mallala where their graves are maintained by the Commonwealth War Graves Commission.

They are -

- 420056 Leading Aircraftman James Brignall Richardson
- 409484 Leading Aircraftman Colin McCall Say
- 412891 Leading Aircraftman Patrick John Brady
- 427803 Leading Aircraftman Colin Walter Cook
- 419836 Leading Aircraftmen Cyril Markham Lewis
- 429980 Leading Aircraftman Donald Neill McDonald,
- 29990 Sergeant Julian Patrick Rice
- 284999 Flying Officer Ian Duncan Weston.
- 437960 Leading Aircraftman Derek Goldsworthy Wicks
- 417643 Leading Aircraftman Peter Denis Kierse
- 37246 Leading Aircraftman Gordon Rex Young
- 444226 Sergeant Roger Byrom Clough

## Dublin History Group Inc.

The beginning of the year saw our first Open Day with the James's doing family research on the Quigleys and the DHG on the Strawberry Fetes in the area. In February we had a stall at the Strawberry Fete which is part of our getting out and about in the community. It was very positive with the conversations that were had, the stories that were told and the information that was passed on but as reported in this newsletter edition, it is an example of how life throws you a curve ball, sometimes there are stories that won't be told. Please for your own family histories talk to the older generation, record

the stories so that they can be retold to the younger generations, our lives are changing so fast don't be the one that says I wish I had sat down and had a chat.

## ANZAC Day

On 25 August 1941, No. 6 Service Flying Training School was formed outside of the town of Mallala. This was a medium-proficiency school, where aircrew who had already learned elementary flying at a base such as Parafield increased their experience before moving on to a specialist school such as Port Pirie or Mount Gambier. Training aircraft included Avro Ansons, Airspeed Oxfords, Moth Minors and Tiger Moths and a total of 2,257 trainees passed out before the unit ceased to function as No. 6 SFTS on 31 December 1945. Tragically, during this time, there were a number of fatal accidents, the bodies of many of these men were sent back to their families

# 2022 State Election

## Electoral District : Frome

2 March 2022 - *MEDIA RELEASE*

### RECORD NUMBERS EXPECTED TO VOTE IN 2022 STATE ELECTION

In brief:

- **Over 1.26 million South Australians are expected to vote in the 2022 State Election.**

- **Plan ahead for voting**

A record number of voters will take to the polls in the 2022 State Election, according to the Electoral Commission of SA (ECSA). 1,266,719 South Australians have enrolled to vote, representing a 5.4% increase in the number of enrolled voters since the 2018 state election when 1,201,775 individuals were registered on the electoral roll. Electoral Commissioner Mick Sherry was extremely pleased with the public's response to enrol to vote. "We thank the South Australian public for enrolling or updating their enrolment details this state election," Mr Sherry said. "In February alone, more than 10,000 new South Australian voters joined the electoral roll, which is a fantastic result." "Since January this year, over 14,000 young people between the ages of 18-24 years have enrolled to vote." And over 80,000 South Australians have updated their enrolment details. This is a fantastic result, and we thank South Australians for making sure that their voice is heard at the 2022 State Election. "As this is the first South Australian State Election since COVID began, there are a number of expanded voting options, including early voting centres and postal voting, which will allow eligible electors to vote safely and effectively. "Voters should also feel safe and confident to attend a polling booth on election day with a raft of COVID safety measures in place." More than 1.2 million Easy Vote cards are being printed this week and will be sent to voters ahead of the election. The EasyVote

Card helps voters have their details quickly marked off the electoral roll and reduces the time it takes to cast their vote on polling day. Voters are also being encouraged to update their mySA GOV app to access the new State Election card, allowing voters access to a unique QR check-in code to save time at the polling booth on election day.

### Plan ahead for voting

Early voting centres across the state open next Monday, March 7 and will operate until Friday, March 18, the day before the 2022 State Election, to allow eligible voters the opportunity to vote safely and early. "Early voting centres will operate during the 2 weeks prior to election day for eligible voters," Mr Sherry said. "We encourage eligible voters to plan ahead and choose an appropriate time in that 12-day period to vote in-person at one of the 37 early voting centres across the state. "We've significantly increased the number of early voting centres, which gives eligible voters greater access and time to safely cast their vote between Monday, March 7 and Friday, March 18." Eligible voters who wish to apply for a postal vote have until 5 pm on Thursday, March 17, to do so. South Australians who are COVID-positive or a close contact required to isolate or quarantine can apply to vote by post. Between Thursday, March 17 and election day on Saturday, March 19, electors who are COVID positive or a close contact required to isolate or quarantine or have COVID symptoms will be eligible to pick up a voting pack at a selected PCR or RAT collection sites across the state.

## **IMPORTANT UPDATE—**

### **STORM ASSISTANCE PROGRAM EXTENDED**

In my last column I informed residents about the Disaster Recovery Grants of up to \$10,000 that were available to local Adelaide Plains producers who were affected by the severe storms of 28/29 October 2021.

**I would like to update producers that the grant application deadline has been extended from the end of February until 31 March 2022. Toward the end of February over 640 applications had been received throughout the State with a total value of \$6.1m. Over 180 applications have already been approved, with a total value of grants approved sitting at \$1.784m.**

The grants can be used for clean-up and debris removal, salvaging crops, repairs to damaged farm infrastructure and equipment and will lessen impact and disruption of production. If producers have not applied for the grant assistance I encourage them to do so through PIRSA,

## **REBUILDING REGIONAL COMMUNITIES**

### **PROGRAM OPEN**

Applications are now open for the new Rebuilding Regional Communities Program (RRCP), giving regional businesses and community groups a chance to share in \$5.7m. Grants are available for a broad range of grassroots, community-led initiatives that will help our regions bounce back by strengthening social connections, supporting jobs and creating economic opportunities.

The Government is partnering with the Foundation for Rural and Regional Renewal to deliver the RRCP. Funding will be available from two streams to support regional initiatives.

1. The Micro Projects stream will provide small grants of up to \$10,000 for regional communities with fewer than 50,000 people to help sustain local organisations and their work.

2. The COVID Recovery stream will provide up to \$50,000 for larger projects that will enhance the recovery of communities affected by the COVID-19 pandemic.

For more information - [www.frrr.org.au/funding/place/src-rebuilding-rural-communities/](http://www.frrr.org.au/funding/place/src-rebuilding-rural-communities/)

## **PLANTING TREES FOR THE QUEEN'S JUBILEE**

Eligible groups and organisations in Grey have a great opportunity to nominate potential projects for an Australian Government grant to plant trees to commemorate the Queen's 70 years of service to Australia and the Commonwealth.

**Project proposals need to come through my office and as soon as someone contacts us, we will be able to supply an Expression of Interest (EOI) form. Grants from \$2,500 to \$20,000 will be available to a broad range of organisations with each federal electorate eligible to receive up to \$100,000 for up to 10 projects.**

The EOI form must be completed, and given the likely announcement of a Federal election in coming weeks, organisations are urged to complete and return these as a matter of priority with a final closing date in Grey of Friday 18 March to ensure projects can be nominated as early as possible.

## 2022 Australia Day Awards and Ceremony

On Wednesday 26 January 2022, Council hosted its annual Australia Day Ceremony at the Two Wells Oval. Despite the uncertainty of COVID-19, and the hot and humid weather conditions on the day, approximately 150 guests enjoyed a successful (and COVID-safe) event including a delicious breakfast, provided by Council and kindly prepared by the Two Wells Cricket Club.

Formalities commenced at 9am, with Mayor Mark Wasley introducing Council's Australia Day Ambassador, Mr Barry Lewis. Mr Lewis, a former long serving Police Superintendent and well known football umpire, gave a captivating address. He spoke about his keenness for visiting rural communities and the significance of Australia Day.

Mayor Wasley then announced, and presented certificates to, the 2022 Australia Day Award recipients, as determined by Elected Members at the Ordinary Council Meeting on 13 December 2021.

The Adelaide Plains Council Australia Day Award recipients for 2022 are

### Citizen of the Year – Allan Parker

Allan has been a dedicated volunteer, upkeeping the Long Plains Memorial Hall for

most of his adult life. He has been responsible for the preservation of the Long Plains local history collection, with the comprehensive picture gallery in the "Hall's" kitchen covering local pioneers from the 1880s.

### Young Citizen of the Year – Chloe Sharpe

An active and passionate member of the Two Wells Scout Group, Chloe has successfully obtained and been awarded numerous 'high level' achievement badges. She is currently undertaking training in becoming a church group leader.

In addition to the above Australia Day Award categories, Council has two further award categories. Elected Members determined these award recipients as follows:

### Community Group of the Year – Two Wells Regional Action Team

Over 30 years, TWRAT has successfully undertaken numerous projects in Two Wells. TWRAT is a not for profit organisation whose community minded members undertake, advocate and/or support various projects that improve and enhance the township's facilities. Projects range from securing funding for the installation of a pump track at Hart Reserve to the co-ordination of the very popular Two Wells Xmas Street Parades.

### **Community Project of the Year –Dublin Cricket Club Update to Oval and Clubroom**

Members have volunteered many hundreds of hours in their fundraising endeavours that

more than matched the money they received from the Drought Community Programme funding. In addition to a much improved and needed clubroom facility, the volunteers worked tirelessly to resurface the oval, install a pop-up irrigation system and a water storage catchment system. The upgraded Clubroom facility was the setting of Council's Australia Day event in 2021!

Mayor Wasley then conducted a citizenship ceremony for three new Australian citizens.

After the formalities, local Country Fire Services (CFS) members paid tribute to fallen CFS volunteer, Louise Hicks, who passed away whilst valiantly fighting a bushfire near Lucindale in January 2022. Guests observed a minute's silence before the signalling of a CFS fire truck parked at the Oval's grounds.

## **REPLACE THE WASTE**

**Stage 2 of single use plastics legislation came into effect on 1 March 2022.**

South Australia is continuing its commitment to protect the environment with stage 2 of the [Single-use and Other Plastic Products \(Waste Avoidance\) Act 2020 \(SA\)](#) coming into effect on 1 March 2022.

Polystyrene cups, bowls, plates and clamshell containers and all oxo-degradable plastic products will be prohibited from sale, supply and distribution in SA from 1 March 2022.

From 1 March 2022 the following items will be prohibited from sale, supply and distribution in South Australia:

- Polystyrene cups, bowls, plates and clamshell containers; and
- All oxo-degradable plastic products.

Please visit the [Replace the Waste website](#) for more information on the legislation and [alternate products](#).

## SA COUNTRY FIRE SERVICE DUBLIN BRIGADE

With the passing of Brian Grocke one of our long serving Life Members with approx. 40 years of service, we will sadly miss his happy face and the many interesting conversations. Even as time went on Brian continued to attend our AGM's and Chrissy dinners, with his friendly wave around Dublin always interested to know what we were doing.

*Rest in Peace Brian not long gone – Forever in our Hearts*

Been very busy in the last several weeks – vehicle accidents, grass fires, rubbish fires, assisting other brigades at incidents and supporting fellow members in recent weeks in our time of loss.

To our Members whom are quick to jump on the trucks and the families who hold the fort at home – the Brigade thanks you. The members of the public are grateful for your professional service and helping them in their time of need.

Yes we are constantly looking for keen new members, PLEASE can you make a small amount of time to be involved in learning new skills, being part of a unique group of people – training Monday nights 19:15hr for 19:30hr start.

Members of the Long Plains branch met on Wednesday 9<sup>th</sup> February to make initial fundraising plans for the year. Nicole Parker, Mother of this years branch fundraiser entrant Seb, offered to lead a bulb purchase fundraiser and members are very appreciative of her initiative. See below for details.

The Branch also took up the opportunity to have a stall at the Dublin Cricket Clubrooms on 27<sup>th</sup> February and this proved to be a good fundraiser and chance to share information about the work of the Australian Red Cross. Thank you to Allan Parker for his plant stall with \$105 boosting the Branch funds.

In March each year the Branch invites the community to support Red Cross Calling by donating to the local branch. These donations form a large part of the total funds raised and mean that the Branch can be recognised by being awarded the winning branch in our category.

Initial plans were made for our annual May fundraiser and it is hoped that the function will include musicians and singers. Please watch for further details when arrangements are finalised.

If you would like to know more about the work of Red Cross you can contact Branch President Christine Young 0418896888 or Alison Pym 88627025.

# Eric William Sutton

1-9-1928 — 5-9-2021

A retired cabinet maker, Eric Sutton came to live in Dublin in May 1989. Soon after, he erected a very large workshop next to his house. Eric set it up with wood working equipment and divided off a room for his model trains on a large table.

After settling in, Eric made cupboards for the kitchens of both the Dublin Institute and the Dublin Cricket Club. He also did the odd carpentry job for residents both near and far.

In 2002, Eric's first voluntary project for the reformed Dublin Institute Committee was

when requested by the presiding member if he would make ten wooden trestles from wood

donated by the Le Messurier Timber Company of Port Adelaide .On completion, Eric then offered to make a counter and servery table for the Dublin History Group's sausage sizzles. These items were followed by an urn trolley, lectern, three glass fronted display cabinets (with Clarkson Ltd. donating the glass shelving and door glass). Eric also made and painted children's toys ,that were sold on History Group stalls.

2006 - Marcus Strudwicke with Eric and his Certificate of Appreciation from The Community Development Board for his service within the community

Eric's final piece of furniture was the making of a records and photo album cabinet. Being so large on completion, Eric wanted it moved to the Institute, as soon as possible. This would require several men but arrangements were difficult so it remained in Eric's shed for a

further eight weeks. So Eric asked if Sid Fielder could help him move it to the Institute. Using several lengths of pipe,

straps and pullies, these two eighty plus senior citizens moved the cabinet, including loading and unloading it on Sid's trailer, on their own.

**Eric's furniture is his lasting memorial.**

# SOUTH AUSTRALIA'S HISTORY FESTIVAL 1-31 MAY 2022

'I'm just off to the shop' could be going to your local shops or a day trip depending on where you live. Over the years the way we shop has changed, the advent of the motorcar made shopping more convenient and changed the streetscape with petrol stations part of the view.

Many cannot remember a time when department stores and supermarkets were not part of our lives and in recent times online shopping has become popular but changes always come with a price. Some have been the same business as when they were opened, while

others have been repurposed many times over, some are now homes and others just a memory. The shops and the families that ran them are part of our community history, join us as we explore the stories of the retail trade in our area.

Memorial Plaque  
at Urlwin Park

Welcome to our Golden Jubilee year – It is 50 years since a small band of history enthusiasts met to form the Balaklava & District Historical Society on February 24, 1972; it then became Branch No. 42 of National Trust S.A. in 1974; and that continued until March 2004, when links to the National Trust were severed, and the local group was formally renamed Balaklava Museum Inc., the group that we know today, and which we have all helped to grow and go from strength to strength.

We hope to have a printed "timeline" available, so people can see and learn how our Museum has evolved over the past 50 years.

Our celebrations to mark this event will form our History Festival event for this year, on the weekend of May 21-22, with both Museum sites open on both days, although Centenary Hall will close at 1.00pm on the Sunday, to allow all our members and visitors to be at Urlwin Park for a very special event at 1.30pm – the unveiling of the Phil Barry Memorial plaque

## Father Bartholomew O'Donovan

### THE WONDERS OF NATURE AND OUR HUMAN DIVERSITY

Come with me and look out from the top of the hill where one sees a 360-degree vista broken only by a natural rock formation known as the Rock to the east rising almost a thousand feet straight up towards the sky and on a clear day just to its right the top of Mount Kosciuszko. All the other compass points show the uninterrupted horizon of the extended plains of the western Riverina of NSW. The hill, the top on which we stand was at first designated a mountain for it rose just a few feet above the minimum height of one thousand feet. (c. 305 metres). Contemporary measurements now set it at c. 215 metres (c. 705 feet) placing it under that minimum. It was always locally known as Galore Hill though its official designation was Galore Mount. Now officials and locals all agree that it is Galore Hill. It rises from the surrounding plain near the town of Lockhart which itself is 40 miles west of the City of Wagga Wagga. I was the parish priest of Lockhart for a time. Galore Hill is a very comfortable picnic and barbecue spot with walking trails and native trees, shrubs, plants and many different fur and feathered animals. My favourite season on Galore Hill was Spring. Among the native eucalypts were bush wattles in full bloom and to add to its glory the native hardenbergia climbed up through the wattles and draped its purple blooms in festoons from the top to the ground giving the impression of gilded trees draped in royal purple. The understory is the fragrant white flowered erioestemon bush which the locals call native daphne. Clumps of many coloured ground hugging native lilliums decorate the soil completing the sylvan scene. At the base of Galore Hill is a series of caves that in the early 1860s gave refuge to a notorious bushranger, Captain Mad Dan Morgan who terrorised the surrounding Wagga Wagga area and the Kelly country of North-eastern Victoria. Morgan was reputed to be, "The most bloodthirsty ruffian that ever took to the bush in Australia." How could this geological feature, Galore Hill gain its name you may ask? Galore is a word meaning "in abundance". Let me tell you, its application. When squatters were pushing west of the Murrumbidgee River near what we call the City of Wagga Wagga in NSW

looking for free land, among them was Henry Osborne. He climbed this hill that rose dramatically from the surrounding plain and on reaching the top shouted to his companions, "There's land enough and galore for me!" He took up the surrounding land and ever since the white settlers knew the feature as Galore Hill. Nearby on the Sturt Highway is the village of Galore. When, in the 1960s the local Anglicans decided to build their own church and move out of the old and crumbling wood and iron community structure known as the Bridge Hall, they discussed with the bishop what dedication the church building should have. He was an English scholar among his many accomplishments and said that in a place called Galore there could be only one class of saints that did the name Galore justice and that was the angels as they were in a galore class as to their numbers. He quoted Revelation 5.11 in the bible, "I John, looked and I heard the voice of many angels.... they numbered myriads of myriads and thousands of thousands....". (NRSV) So, from the calendar of saints and holy days in the Anglican Prayer Book the Feast of Saint Michael and All Angels on 29 October was chosen. Being built in the 1960's it was of cream brick construction and with the open space between it and the highway soon became a traveller's landmark and a sign that the delights of the City of Wagga Wagga were only 56 kms ahead. One of the local people I got to know early in his career was Tim Fischer from Boree Creek near Lockhart. Tim was a local boy from a farming family. He later became the Member for the Country Party and rose to be its leader and ipso facto, Deputy Prime Minister. He served with honour and distinction. We could do with a bit more of those attributes in our society today. He was always the honoured guest at our annual debutante ball in Boree Creek. It made me feel good to see the pride, love, and affection that the whole community felt towards him and his natural integrity. It restored my faith in human nature and was a fillip for me in those times when I was disheartened by the negative side of the community in my work among them as a parish priest. Sometimes to see life more clearly, we need to take a nature walk to the top of the hill.

*Father Bartholomew O'Donovan*

## Boom times at Port Parham

It is all happening in the township of Parham!

Several properties have been sold and there are currently no real estate "for sale" signs in the town.

A two story residence was recently completed on North Terrace, and the owners are now in residence. Similarly a new house has been completed on Driscoll Terrace and is now occupied.

A second story is being added to a premises on Second Street, the framework has been constructed for a new premises on Main Street, and fill has been completed for a new house on Prime Street.

Adelaide Plains Council have on their programme the provision of a shade and a new element at the playground by June of this year.

Telstra is in the process of establishing a new mobile base station near the Port Parham Road/Driscoll Terrace intersection with the tower being completed on Tuesday 8th February, and we are now awaiting cable works and other completion activities for it to be commissioned. This should be the end of dropouts and distorted calls for Telstra Mobile

customers in the town. The provision of optic fibre to this site should also improve the reliability of fixed telephone services in the community.

Plans for redevelopment of the camp ground are well in hand. Adelaide Plains Council has agreed to negotiate a lease over the camp ground with the Mallala and Districts Lions Club, and the Lions Club are entering in to a Memorandum of Understanding with the Parham and District Action Group to manage the campground with cost and profit sharing agreements. A master plan has been developed for the campground, and Adelaide Plains Council are arranging works with funding available of \$200,000 (including \$100,000 provided by the Federal Government). These funds will be used to improve plumbing (including grey water management), earth works to improve storm water management, camping site management, provision of a camp kitchen and a fish cleaning facility, disabled access, and provision of a viewing area. It is anticipated that the campground will be closed mid year for several weeks to allow plumbing and earthworks to proceed, and on opening a nominal camping charge will be applied.

## Dublin Cricket Club

### **DIVOC**

I spelt it backward for the benefit and relief of everyone who is sick to death of hearing the name.

Does anyone truly understand where we are with this thing? The people in charge of public health Federally, at State level and even locally certainly do not. Otherwise we'd all have identical health rules and regulations, we'd all be sent in identical directions regarding preventions and treatments and we'd all know the current status of any infectious disease at any given time. We are living in the age of the internet after all.

Instead we've got legal health directions that differ from state to state, depending on political persuasions. We've got a Federal Health Dept ready to pounce spitefully on a tennis player, (but not others), who had been allowed to enter the country then cleared by a Federal court to continue. Once again, the tennis competition is being held in a state of the wrong political colour.

Twelve months ago, Cricket Australia were sending playing guidelines to every club in the country in an effort to show leadership and of course help with preventions. One of those, 'No further use of saliva to shine the ball', sounded like a lot of common sense. Fast bowlers everywhere then wanted to know if they could still use their butt cheeks to maintain a gloss on one side of the ball. After that they didn't care how the saliva was applied.

The Dublin Cricket Club has held extraordinary Committee meetings to address this phenonium. The occasional lack of health and legal understandings has given rise to many issues:

- \* Cancellation of any functions held at the club;
- \* Proper policing of bar and clubroom operations and proceedings;
- \* and critically, Correct covid procedures to enable matches to take place.

Appeals and complaints of contraventions of covid regulations to the Associations could result in wins being taken away and even points deductions. This would be serious enough for the senior teams. It would be devastating for the junior programs. We could also see games cancelled at any time.

DCC has even gone to the extent of forming a Disciplinary Sub- C'tee which reports to the Cricket Club C'tee, in an attempt to stay abreast of our covid protocols at any given point in time.

The club's Covid Marshalls have also been given greater responsibilities.

The Disciplinary C'tee has been referred to as the 'Hanging Crew', which is a bit of an overstep.

They do however prefer Trial by Ordeal as a favoured means of investigation.

So lets continue to be vigilant and hope our season does not become untenable.

*Yours in covid,*

*The Shark*

## PARHAM AND DISTRICT ACTION GROUP 2021/22

The Parham and District Action Group (PADAG) is a committee of the Port Parham Sports and Social Club and focuses on community issues in Port Parham, Webb Beach and surrounding areas.

In early 2021 PADAG presented the Port Parham and Webb Beach Community Plan to the Elected Members of the Adelaide Plains Council making them aware of community desires for development and community management. PADAG has also raised a number of issues with the Council during the year.

A public meeting was held in September to advise the community of activities and to elect office bearers. This meeting was well attended by community representatives and the Mayor of Adelaide Plains Council, and representatives from Mallala and District Lions and Thompson Beach Progress Association. Office bearers elected at this meeting were Chairperson: John Coles, Vice Chair, Trevor Applebee, Secretary/Treasurer Alvin Jenkin and Assistant Secretary, Alison Sanger.

Early in 2021, PADAG was approached by the Mayor and Councillor Lush to consider taking over the operation of the Parham Camp Ground from the Council. PADAG expressed the view that this was beyond our capability to handle, and entered into discussion with Mallala and District Lions Club, who are successfully operating the Camp Ground in Mallala. These discussions have been most fruitful with the following outcomes:

- ♦ A joint working group has been established between PADAG and Lions to develop plans and operational procedures
- ♦ Master plans for upgrading the camp ground have been developed
- ♦ Adelaide Plains Council have agreed to lease the campground property to Mallala and District Lions Club

- ♦ Adelaide Plains Council will redevelop the campground in accord with the master plan prior to finalising the lease. A budget of \$200,000 has been allocated, of which \$100,000 has been provided by a Federal Government grant. This is on top of the recently completed toilet upgrade
- ♦ Lions and PADAG are entering into a Memorandum of Understanding (MOU) for the operation and maintenance of the campground
- ♦ Arrangements for charging for site use at the campground are in hand, and the MOU provides for profit sharing between Lions and PADAG

It is anticipated that the camp ground will be closed for several weeks mid year for major works to be carried out. PADAG will have responsibility for day to day maintenance of the facility including cleaning, and we will be looking for volunteers to go on roster for this activity.

The Camp Ground has potential, in time, to generate revenue to provide for other initiatives within the community.

Needless to say, the Camp Ground issues have been our focus for this year, but in the meantime we have addressed other issues:

- ♦ A need for facilities for youth activities has been identified, and a working group has been established to develop a plan for additional facilities around the existing foreshore playground
- ♦ The Jinker Interpretative Centre has been substantially completed. A generous donation provided a picnic set within the facility
- ♦ Seaweed relocation from the boat ramp. Several years of agitation with the Council has resulted in a solution which appears to

*(Continued on page 20)*

(Continued from page 19)

be working

- ♦ Public Rubbish Bin management: PADAG has been working with Council to manage the issue of overspilling of Public Rubbish Bins in peak periods.
- ♦ Green waste management. Many residents have a desire to have green waste collected in the same manner as Dublin, Mallala and Two Wells. PADAG is continuing to lobby on this issue
- ♦ Illegal camping management: PADAG continues to work with Council on this
- ♦ The Big Clean Up: PADAG worked with Friends Of Adelaide International Bird Sanctuary and other community members to remove waste from the AIBS land east of the township in July
- ♦ Horse and Dog Management: PADAG is consulting with Council on policies and procedures.
- ♦ PADAG is attempting to repair/upgrade the Interpretative Centre at Webb Beach
- ♦ PADAG has lobbied Council to improve the safety of the Webb Beach Road/Port Parham Road intersection.
- ♦ PADAG is working on images to promote

the area, including photographs of Jinkers in the sunset, and developing a Logo for PADAG which reflects our local area

- ♦ PADAG is represented on the Coalition of Coastal Communities as follows: Port Parham: Alvin Jenkin and Colin Makins, Webb Beach: Carol Billing and Michelle O'Loughlin. The Coalition provides an interface to the Adelaide Plains Council representing all communities on the coastal fringe of the Council area.
- ♦ PADAG is currently working on a Constitution as it works towards separation from the Port Parham Sports and Social Club

As can be seen from this report, we are in exciting times, and there is much potential in our communities. If you would like to be involved, we welcome more community involvement, and all are welcome to attend the PADAG meetings, second Tuesday of the month, 7pm at the club. If you have any issues you would like to raise, either attend one of our meetings or speak to current committee members

## **Port Wakefield Ghost**

The Port Wakefield Ghost has been reported at various times since the 1940's. Most often it's a dark & stormy night and people are driving along Highway 1 between Port Wakefield & Adelaide.

One story tells of a couple who picked a young male hitchhiker, dressed in an air force uniform. He sat in the rear seat and when asked, he said he wished to be dropped off at an address in Adelaide. When they arrived at the address they looked around and he was gone; they went to the address and spoke to the woman who lived there. When they told the woman the name which the young man had given them, she said "that's my son who was killed in a plane crash during a training flight out of Mallala during World War 2". It is believed his body was recovered and buried in an unknown location, and that his spirit is still trying to get home to Mum.

Another tale is that of a local businessman, who recounted how the ghost was picked up one night heading into Port Wakefield. He related how he was entering the toilets at the Shell Service Station behind a man in a RAAF uniform. The uniformed person went inside first and when the businessman entered the room straight after him, the man had disappeared!

At Dublin, when the rain is falling and evening light grows dim, people claim to witness a man in a skydiving suit. The man runs across the road, or sometimes is seen standing near the road in a military uniform reminiscent of a sky diver. The witness will stop their car,

search for the skydiver, and find nothing. What is more troublesome about this encounter is that there is a skydiving facility very close by, and a living person could be mistaken for a ghost or vice-versa.

A variation at Dublin is that a man is seen standing on the side of road, he screams out for cars to stop and help him, but when they do pull over, he has disappeared.

There is much debate about whom the mystery ghost (or ghosts) might be. Some believe it to be the same man walking from up near Yorke Peninsula all the way down to Gepps

Cross. Others believe the ghost to be named 'Simon', due to two witnesses claiming the ghost told them that was his name. However, none of the airman killed in relation to the military bases nearby had that name.

Others believe the mystery man could be the spirit of Sergeant Roger Clough who was killed in an aircraft crash near Port Parham in 1945. It is claimed that his family could not be contacted before his burial, and that he is forever trying to return to his family in New South Wales.

If you have witnessed the ghost on Port Wakefield Road, I would love to hear from you. Email me at [eidolon@live.com.au](mailto:eidolon@live.com.au).

The Dublin History Group had a stall at the Fete this year, it was focused on a meet and greet and how can we help. We had also researched the previous Strawberry Fetes in the district and have photos for most of the last 20 years. It was great to chat with people and hear the wonderful stories of the former and present locals. The Van der Eerden sisters had many stories from when their parents who owned the Dublin shop and hopefully they will write them down for us. The personal accounts and photos are so important and add so much to the history.

### Quigley Family Visitors

We were happy to welcome a couple from Victoria, Lynn James and her husband Murray who were doing research on the Quigleys in the area, they stayed over in Mallala at Audrey's Accommodation and had great fun researching, exploring and learning more about the family connections from the locals, Mallala Museum, Lower Light Hotel, the Adelaide Plains Council and us.
